

Virginia Interventional & Vascular Associates

Virginia Interventional and Vascular Associates (VIVA) is the Fredericksburg area's only interventional radiology practice. We are part of Radiologic Associates of Fredericksburg.

Our Specialties:

Minimally Invasive Treatments, Vascular Surgery, Vascular Lab Tests

Our interventional radiologists (IRs) are doctors who combine their skills in reading medical images and performing procedures to diagnose and treat a variety of medical conditions. We specialize in minimally invasive procedures that provide patients with possible alternatives to major surgery. We also offer comprehensive vascular care, including the skills of our vascular surgeon and our ICAVL accredited vascular lab testing facility.

Procedures include:

Peripheral Arterial Disease (PAD) Evaluation and Treatment
Vertebroplasty for Compression Fractures
Uterine Fibroid Embolization
Radiofrequency Ablation for Cancer
Chemoembolization for Cancer
Laser Ablation and Radiofrequency Ablation for Varicose Veins
Abdominal Aortic Aneurysm Repair
Carotid Artery Disease Treatments, including Carotid Endarterectomy
Procedures Supporting Traditional Cancer and Dialysis Treatments
Angiography, Angioplasty, Atherectomy, Stents
Vascular Lab Tests: Vascular Ultrasound and Arterial Doppler

Our Doctors

VIVA doctors are highly qualified and experienced. Our IRs are certified by the American Board of Radiology, with a Certificate of Added Qualifications in Interventional Radiology. Our vascular surgeon is certified by the American Board of Surgery in general surgery and vascular surgery. He is a Fellow in the American College of Surgeons (FACS). We also are members of the professional associations for our specialties.
